

ABOUT FINZER ROLLER

Since 1968, Finzer Roller has been a leader in providing value added solutions to wood products manufacturers.

Our proprietary rubber compounds were specifically developed for any Stain, Filler, Sealer and Top Coat application.

Our Technical Representatives work closely with our customers providing solutions for their manufacturing processes.

ABOUT INDUSTRIAL BRUSH

Since 1946, The Industrial Brush Company has been committed to quality and service.

We offer a complete line of Wood Finishing Brushes for a wide range of applications.

Being a preferred vendor to OEMs and the coating suppliers, has provided us the knowledge and experience to select the proper brush for your desired finish.

We can run lab tests to verify the performance of our products before you buy them.
